

Entrance requirements

For entry into our foundation, diploma, undergraduate and postgraduate courses.

Meeting the minimum admission requirements means you are eligible to apply for our courses but does not guarantee you entry into the course. Some courses receive more applications than the number of places available and may require additional selection criteria such as minimum age, prerequisites, personal statement, interview or audition, which are considered together with your academic qualifications.

Check the minimum academic requirements for entry into our foundation, diploma, bachelor (undergraduate) and postgraduate (coursework and research) courses according to the qualifications in your country. If your qualification is not listed and you would like to know if you meet the minimum entry requirements, you can submit an online enquiry by visiting eaams.vu.edu.au/enquiry.

Some courses, such as Bachelor of Laws and Master's (by Research), require academic results that are higher than results stated.
